

A.W.F FLOORTECT S.P.

A.W.F. Floortect S.P. is designed for ease of use. Being a single pack system it can be used for internal or external surfaces such as concrete, asbestos, brickwork, tiles etc.

A non slip version may be preferred where aggregates are added either by mixing in suspension or by sprinkling on the wet material.

AWF Floortect S.P. can also be supplied as a clear coating.

Preparation

All surfaces should be clean, dry and free from oil, grease, rust, dirt and any other contaminants. Porous concrete and existing coatings can be primed with A.W.F. Universal Primer.
