APPLICATION DETAILS

Porous surfaces:

Apply generously by brush to the graffiti. Allow to act, then agitate with a scrubbing brick working well into the surface. Rinse off with plenty of water to neutralise residues. Repeat if required.

Non porous surfaces:

Apply to affected areas and allow to act, then agitate with a non abrasive media. Rinse off with clean water.

Note: Avoid contact with solvent sensitive plastics. All material should be cleaned immediately after use with clean water.
